

General Conditions of Participation in the “Travian Tournament 2026”

1. Applicable Rules and Policies

- a) The [General Terms and Conditions](#), [Game Rules](#) and the [Privacy Policy](#) of Travian Games GmbH (“TRAVIAN”) shall apply, published on the tournament website (<https://tournament.travian.com/>).
- b) In the event of a conflict between these Special Conditions and the General Terms and Conditions, the Game Rules or the Privacy Policy, these Special Conditions shall prevail with regard to the Tournament.

2. Special Conditions of Participation

- a) TRAVIAN is organizing the "Travian Tournament 2026" (hereafter "Tournament"). Various qualification servers will be available during the qualification round, and each server will be terminated when the game round ends. The final round will start shortly after the end of all the qualification servers. One final server will be available for the final round of the Tournament.
- b) Participation in the Tournament is voluntary.
- c) Employees of and freelancers working for TRAVIAN and their subsidiaries are excluded from participating in the Tournament.
- d) Iranian, Italian and Spanish residents are excluded from receiving any of the prizes in the Tournament due to local legal or regulatory restrictions.
- e) Players whose avatars are banned at the time the qualification or final server ends are excluded from receiving any prizes or entry keys, regardless of whether a punishment offer has been made or will be accepted afterwards.
- f) “Refer a Friend system” is deactivated on Tournament Qualifications and Final.
- g) TRAVIAN reserves the right to update the game mechanics and the game software at any time during the qualification round and the final while giving due consideration to the interests of the players.
- h) All players must ensure that they can be contacted on the email address they submitted when they entered the Tournament and on the new email address if it got changed during the Tournament. Players must also ensure they read

their emails regularly. This is particularly important during the period after the end of the qualification round and the final round.

- i) When a player participates in the Tournament, he agrees that his player name, country of origin and scores will be published on <http://tournament.travian.com/> and on various internet forums.
- j) All winners will be notified via email. TRAVIAN will send a notification email to the email address, which is the registered account email address at the end of the qualification or final round. For the physical prize, the winner will receive an email from a TRAVIAN employee. Prizes will be given within 4 months following the end of the final round. Should a notified winner not reply to the notification emails within 45 days, the win is declared void, and a new winner is drawn from the lot.

3. Termination of the Participation

- a) Players may terminate their participation in the Tournament at any time and free of charge by deleting their avatar from the tournament servers or by contacting the Customer Service of TRAVIAN.
- b) Unused Gold will not be paid out in cash, except for the following exceptions.
- c) Qualifications round: Any Gold that has not been used by the end of the qualification round can be transferred to any Travian: Legends regional game worlds. Unused Gold can be transferred from this year's qualification servers to the final server.
- d) Final round: Should a player abort his participation in the final, or when the final ends, unused Gold can be transferred to any Travian: Legends regional game worlds and Tournament game worlds.
- e) TRAVIAN reserves the right to disqualify and exclude any player from the Tournament who manipulates or attempts to manipulate the participation procedure, any TRAVIAN websites, the game process, or the Tournament. The same applies if these General Conditions of Participation, the Game Rules or the General Terms and Conditions of TRAVIAN GAMES are violated by a player. However, such a decision is always preceded by a proportionality review conducted by a human employee.
- f) TRAVIAN reserves the right to terminate the Tournament game world in case players manipulate or tries to manipulate the game process and/or the game mechanics threatening the stability, integrity, fairness or proper operation of the Tournament or the game servers. Unused Gold will be handled as per 3. b) c) and d). The state of the rankings at the time of termination, time at which the decision to stop the Tournament game world is taken, is material for assignment of the prizes as per 4. b) or 5. g).

4. Qualification to the Tournament

- a) Any player may register on a qualification server until registrations are closed.

Registrations to the qualification servers will be closed 10 days after the start.

- b) Players can win Travian-Gold vouchers at the end of their qualification server. There are three player rankings: offense, defense, and population. Each player in the top 20 of each ranking receives one 1,200 Travian-Gold voucher. The top 1 World Wonder avatar player will receive one 1,600 Travian-Gold voucher. For more details see the Travian Tournament Prizes article in the [Knowledge Base](#).

- c) Wonder of the World should be at least level 1 for players to qualify for a prize.

- d) If a qualification server has two Wonder of the World at the same level at the end of the game round, the owner of the Wonder of the World which reached the level first will receive the higher prize.

- e) It is possible that a stalemate situation arises on one of the qualification servers and no player is able to build the Wonder of the World that terminates the qualification server. In order to avoid any unreasonable delay of the entire Tournament, the Natars will finish the aforementioned qualification server by building the Wonder of the World. In such a case, the status of the rankings at the time of the termination, time at which the Wonder of the World has been completed by the Natars, is material for the qualification corresponding to 5. b).

5. The Final of the Tournament

- a) Participation in the Final is only possible with a valid entry key.

- b) Players from each qualification server will qualify and receive one entry key if at the end of the qualification server they:

- 1) have at least 10 villages, or
- 2) are in the top 100 position of offence or defense rankings, or
- 3) own a "Wonder of the World" village with their Wonder of the World on at least level 1.

- c) If a player qualifies on several qualification servers, the player will receive one entry key for each of the qualification servers. Each player may only receive one entry key per qualification server.

- d) All players who have qualified will be notified via email that they can take part in the final. The email will contain a registration code that can be used by each player to create an avatar on the final server after it starts.
- e) Every player who has signed up on <http://tournament.travian.com/> will be included in the draw ("wild card"). The wild card draw will only select up to 500 additional players to gain access to the final server.
- f) Registrations to the final server will be closed 10 days after the start. If a player fails to register within this period, his/her place in the final will expire.
- g) Players can win digital vouchers, physical prizes, and Travian-Gold vouchers at the end of the final server. The top 1 Wonder of the World owner will receive a physical trophy. The Top 20 players of the three player rankings (offense, defense, population), the players of the 3 alliances who built the top 3 highest Wonder of the World and the owners of the top 13 ranked Wonder of the Worlds owners are entitled to receive a prize. For a detailed description, which prizes are given to which position in the rankings please see the Travian Tournament Prizes article in the [Knowledge Base](#).
- h) Wonder of the World should be at least level 1 for players to qualify for a prize.
- i) If the final server has two Wonder of the World at the same level at the end of the game round, the owner of Wonder of the World which reached the level first will receive the higher prize.
- j) It is possible that a stalemate situation arises on the final server and no player is able to build the Wonder of the World that terminates the final server. In order to avoid any unreasonable delay of the entire Tournament, the Natars will finish the final server by building the Wonder of the World. In such a case, the status of the rankings at the time of termination, time at which the Wonder of the World has been completed by the Natars, is material for the final corresponding to 5. g). If the Natars win the final server, the prizes won by the Natars as per 5. g) will not be granted to players.

6. Travian-Gold vouchers

- a) TRAVIAN will send the Travian-Gold vouchers via email.
- b) A player can only receive one prize per server in which the player has participated. If a player is eligible for more than one prize at the end of the qualification round or at the end of the final, he/she will earn only the prize of the highest monetary value.

- c) In the event that, for practical or legal reasons (e.g. Turkish law for electronic item import), it's not possible to deliver to a winner's country, TRAVIAN will provide a Travian-Gold voucher of the corresponding value.
